

DRAFT ENVIRONMENTAL IMPACT STATEMENT

**WAL-MART EXPANSION
STORE NO. 2043-04, WARSAW, NY**

**2348 NYS Route 19
Town of Warsaw
Wyoming County, New York**

Project Sponsor / Applicant:

**Wal-Mart Stores, Inc.
2001 S.E. 10th Street
Bentonville, AR 72716-0550**

Lead Agency:

**Town of Warsaw Planning Board
27 North Main Street
Warsaw, NY 14569**

**Contact Person: W. Jerome Smith, Zoning Officer
Phone: (585) 786-2800**

Prepared by:

**Bergmann Associates
200 First Federal Plaza
28 East Main Street
Rochester, NY 14614
Contact: F. Jack Buholtz, P.E.
Phone: 585-232-5137
January 2009 - Revised 2/20/09**

Date of Lead Agency Acceptance:

Date of Public Hearing:

Close of Public Comment Period:

Additional Consultants Involved in EIS Preparation

Terrestrial Environmental Specialists, Inc. 23 County Route 6, Suite A Phoenix, NY 13135	Wetlands Delineation Report
Rochester Museum & Science Center Regional Heritage Preservation Program 657 East Avenue Rochester, NY 14607	Cultural Resource Management Report
Tierney Geotechnical Engineering 3445 Winton Place, Suite 117 Rochester, NY 14623	Subsurface Exploration and Geotechnical Investigation
PB2 Architecture and Engineering 710 West Roseland Drive Rodgers, AZ 72756	Architectural Plans and Drawings
Harter Secrest Emery 1600 Bausch & Lomb Place Rochester, NY 14604	Document Preparation/Coordination

Organization of DEIS

This DEIS was prepared in accordance with the Officially Adopted Scoping Outline (presented in Appendix A) and its format follows the Outline. The entire DEIS, including appendices, is included in this bound volume.

TABLE OF CONTENTS

I. EXECUTIVE SUMMARY	1
A. Description of Action	1
B. Summary of Existing Environmental Setting, Potential Impacts, and Mitigation Measures	1
1. Geology, Soils, and Topography	1
2. Surface Water and Groundwater Resources	2
3. Impact on Terrestrial and Aquatic Ecology	2
4. Historical and Cultural Resources	3
5. Air Quality	3
6. Aesthetic Resources	3
7. Transportation	3
8. Energy / Utility Facilities	4
9. Noise and Odor	5
10. Public Health	5
11. Growth and Community Character	6
C. Project Alternatives	7
D. Cumulative Impacts	7
E. Growth Inducing Impacts	8
F. Irretrievable Commitment of Environmental Resources	8
G. Conclusion	8
II. INTRODUCTION	9
A. Project Site Location and Project Description	9
B. Project Purpose and Need	10
C. State Environmental Quality Review Process and Chronology	10
1. Purpose and Process of SEQRA	10
2. Project Classification and Lead Agency Designation	10
3. The Scoping Process	12
4. DEIS, FEIS, and Findings Statement	13
5. SEQRA Review Agencies	13
6. Compliance with Federal, State and Local Law	15
III. EXISTING ENVIRONMENTAL SETTING, POTENTIAL IMPACTS, AND MITIGATION MEASURES	16
A. Geology, Soils, and Topography	16
1. Existing Environmental Conditions	16
a) Existing Environmental Surface Conditions	16
b) Existing Subsurface Exploration and Conditions	16
c) Field Infiltration Test Results	19
2. Potentially Significant Adverse Impacts	19
a) Proposed Construction and Earthwork Activities	19
b) Potential Impacts	21
3. Potential Mitigation Measures	21
B. Surface Water and Groundwater Resources	23
1. Existing Water Resources	24
a) Existing Surface Water and Wetlands	24
b) Existing Floodplains	25
c) Existing Drainage Patterns	26

- d) Existing Groundwater Resources.....26
- 2. Potentially Significant Adverse Impacts to Water Resources.....27
 - a) Potentially Significant Adverse Surface Water and Wetland Impacts.....27
 - b) Potentially Significant Floodplain Impacts.....27
 - c) Potentially Significant Adverse Drainage Impacts.....28
 - d) Potentially Significant Adverse Groundwater Impacts.....29
- 3. Mitigation Measures for Potential Impacts to Water Resources.....30
 - a) Surface Water and Wetland Mitigation.....30
 - b) Floodplain Mitigation.....30
 - c) Drainage Mitigation.....30
 - d) Groundwater Mitigation.....31
- C. Terrestrial and Aquatic Ecology31
 - 1. Existing Environmental Setting31
 - a) Endangered and Threatened Species31
 - b) Site Ecology32
 - 2. Potentially Adverse Ecological Impacts32
 - 3. Ecological Mitigation Measures32
- D. Historical and Cultural Resources.....33
 - 1. Existing Historic and Cultural Resources.....33
 - 2. Potentially Adverse Impacts to Historic or Cultural Resources33
 - 3. Mitigation Measures for Historic or Cultural Resource Impacts.....34
- E. Air Quality.....34
 - 1. Existing Air Quality Environmental Setting34
 - 2. Potentially Significant Adverse Impacts to Air Quality.....34
 - 3. Mitigation Measures for Potential Impacts to Air Quality.....35
- F. Aesthetic Resources36
 - 1. Existing Visual Environmental Setting36
 - 2. Potentially Significant Adverse Impacts to Aesthetic Resources.....37
 - a) Lighting.....37
 - b) Landscaping.....37
 - c) Architecture38
 - d) Signage.....39
 - 3. Mitigation Measures for Aesthetic Resources Impacts40
- G. Transportation40
 - 1. Existing Environmental Setting40
 - a) Existing Roadway System40
 - b) Existing Traffic Volumes42
 - c) Existing Levels of Service.....43
 - d) Existing Off-Site Pedestrian Traffic and Facilities.....49
 - e) Existing On-Site Pedestrian and Vehicular Circulation.....50
 - f) Summary of Existing Conditions50
 - 2. Potentially Significant Adverse Traffic Impacts.....50
 - a) Trip Generation Estimates51
 - b) Trip Distribution Projections.....52
 - c) Future Traffic Evaluation.....53
 - (1) 2010 No-Build Traffic53
 - (2) 2010 No-Build Levels of Service53
 - (3) 2010 Build Traffic.....56
 - (4) 2010 Signal Warrant Analysis56

- (5) 2010 Build Levels of Service57
 - (6) Sight Distance.....60
 - d) Potentially Adverse Impacts to Off-Site Pedestrian Activity.....61
 - e) Proposed On-Site Pedestrian and Vehicle Circulation61
 - f) Potentially Significant Adverse Traffic Impacts Summary.....62
 - 3. Proposed Traffic Mitigation Measures63
- H. Energy / Utility Facilities64
 - 1. Existing Utilities64
 - a) Existing Sanitary Sewer.....64
 - b) Existing Water Supply.....65
 - c) Existing Storm Sewer65
 - d) Existing Electric, Natural Gas, and Telephone.....66
 - 2. Potentially Significant Adverse Impacts to Utilities.....66
 - a) Potentially Significant Adverse Impacts to Sanitary Sewer.....66
 - b) Potentially Adverse Impacts to Water Supply.....66
 - c) Potentially Adverse Impacts to Storm Sewer66
 - d) Potentially Adverse Impacts to Electric, Gas, and Telephone67
 - 3. Mitigation Measures for Proposed Utility Usage67
 - a) Sanitary Sewer Mitigation67
 - b) Water Usage Mitigation67
 - c) Storm Sewer Mitigation.....68
 - d) Electric, Natural Gas, and Telephone Mitigation68
- I. Noise and Odor68
 - 1. Existing Noise and Odors.....68
 - a) Existing Noise.....68
 - b) Existing Odors68
 - 2. Potentially Significant Adverse Noise and Odor Impacts69
 - a) Potentially Significant Adverse Noise Impacts69
 - b) Potentially Significant Averse Odor Impacts71
 - 3. Noise and Odor Mitigation Measures72
 - a) Noise Mitigation Measures.....72
 - b) Odor Mitigation Measures.....72
- J. Public Health, Safety, and Welfare72
 - 1. Existing Public Health, Safety, and Welfare72
 - 2. Potentially Adverse Impacts to Public Health, Safety, and Welfare.....73
 - 3. Public Health, Safety, and Welfare Mitigation Measures73
- K. Growth and Character of the Community or Neighborhood.....75
 - 1. Existing Community Setting75
 - a) Existing Land Use and Zoning75
 - b) Existing Emergency Services76
 - 2. Potentially Significant Adverse Impacts to the Community76
 - a) Proposed Land Use, Zoning, and Variances.....76
 - b) Impact on Future Development and Growth79
 - c) Compliance With Town of Warsaw Comprehensive Plan79
 - d) Impact to Emergency Services81
 - e) Fiscal Impacts.....82
 - 3. Potential Mitigation for Community Impacts.....84
 - a) Parking Variance to Provide Additional Greenspace.....84
 - b) Community Impact Mitigation Summary.....85

IV. PROJECT ALTERNATIVES.....86
 A. No-Action Alternative86
 B. Project Design in Conformance with all Existing Zoning.....86
 C. Alternate Site Design/Layout Reconfiguration.....87

V. UNAVOIDABLE ADVERSE ENVIRONMENTAL IMPACTS.....88
 A. Unavoidable Short-Term Impacts88
 B. Unavoidable Long-Term Impacts88
 C.

VI. CUMULATIVE IMPACTS90

VII. GROWTH INDUCING IMPACTS.....91

VIII. IRRETRIEVABLE COMMITMENT OF ENVIRONMENTAL RESOURCES92

IX. SOURCES AND BIBLIOGRAPHY.....93

List of Tables

Table IIC-1: SEQRA Review Agencies.....	14
Table IIIA-1: Subsurface Exploration.....	17
Table IIIB-1: Test Boring Groundwater Observations	26
Table IIIB-2: Floodplain Elevations.....	28
Table IIIG-1: Level of Service for Signalized Intersections.....	44
Table IIIG-2: Level of Service for Unsignalized Intersections.....	44
Table IIIG-3: Existing Synchro Level of Service Results.....	47
Table IIIG-4: Supercenter Trip Generation	51
Table IIIG-5: Plaza Trip Increase.....	52
Table IIIG-6: 2010 No-Build Level of Service Results.....	54
Table IIIG-7: 2010 Build Traffic Signal Warrant Results	57
Table IIIG-8: 2010 Peak Hour Level of Service Results.....	59
Table IIIG-9: Stopping Sight Distances.....	60
Table IIIG-10: Intersection Sight Distances	60
Table IIII-1: Common Noise Levels.....	69
Table IIII-2: Human Reaction to Increases in Sound Pressure Level.....	70
Table IIIK-1: Anticipated Property Tax Revenue Stream	84

List of Appendices

Appendix A State Environmental Quality Review Act (SEQRA) Reference Materials
Appendix B Site Plans
Appendix C Alternative Site Plan
Appendix D Geotechnical Study
Appendix E Wetland Delineation Report
Appendix F Floodplains Evaluation Materials
Appendix G Stormwater Management Report
Appendix H Cultural Resource Management Report
Appendix I Sewer District Report
Appendix J Traffic Impact Study
Appendix K Correspondence with Involved and Interested Agencies
Appendix L Aerial Photos
Appendix M Fiscal Impacts
Appendix N Existing NYSDOT Traffic Volumes
